

An Exclusive Carrara Marble Experience

Duration: approx. 7 hours

In the morning, private transfer from the hotel to Carrara where you will meet your private guide and start exploring an on-going inner marble quarry in the very heart of the mountain where Michelangelo came to select some of his blocks for La Pietà and Mosé. The quarry will be in exclusive use for 2 hours. The beauty and whiteness of this very special part of Apuans Alps will let you literally dazzled. You will learn about the history of the quarry and see the tools Romans used to employ, as well as follow the same paths masters of sculpture passed through to pick the perfect blocks for the works of art.

After the tour, you will also enjoy an exclusive private lunch inside the quarry at a private table (made of marble!) with typical specialties such as salami, taglierini nei fagioli (pasta with beans), focaccina, seasonal fruit, wine and dessert.

You will then continue with a guided tour of Cava Museo Fantascritti, an open sky museum where you can get to know better the history of the quarries and a visit to a marble workshop which makes luxury home design products.

In the afternoon, you will visit an open sky quarry where you can enjoy a great view from almost 800m from sea level. Next up, a private visit to an Art Studio with a hands-on lesson with one of Carrara's most famous sculptors.

At the end, private transfer back to the hotel.
