# Regions to discover

## Buenos Aires

Discover Buenos Aires! This fascinating city was founded on the shores of the Rio de la Plata in 1570 and was named after the patron saint of sailors for the good wind ("buen aire").

Thanks to its wide avenues, grand tree-lined boulevards, fine colonial architecture, rows of cafes, superb restaurants to eat a tasty steak, shops and energetic nightlife, make it an amazing destination. The downtown area is still true to its distant past, the city was built by French, Italian and Spanish immigrants, which is why it comes as no surprise that travelers walking through the leafy parks and boulevards could be forgiven for thinking they were in Madrid, Paris or Milan.

Because of its great diversity and monumental size, Buenos Aires presents travelers with the spirit of Argentina. The national dance, the tango, is perhaps the best expression of that spirit practiced in dance halls, parks, open plazas, and ballrooms, an intimate dance combining elegance and an exuberant passion.

## El Calafate

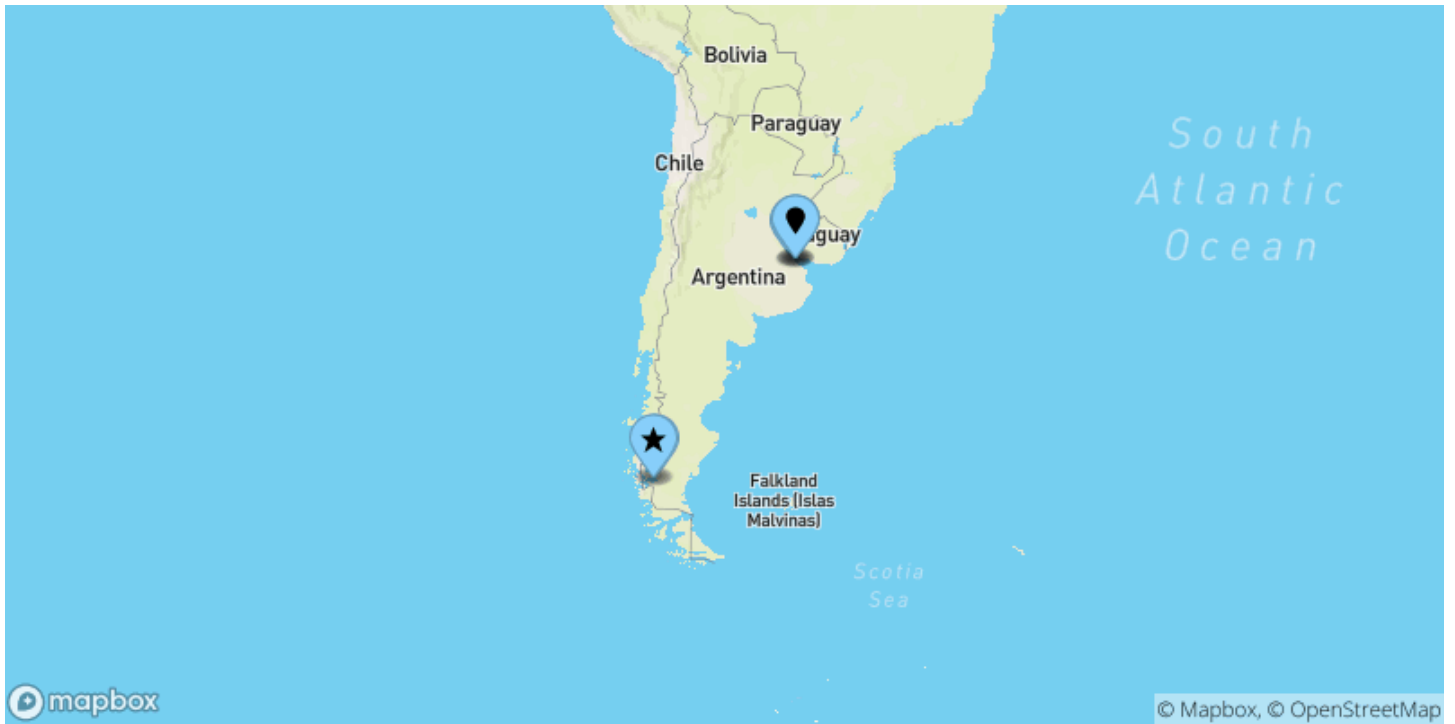

El Calafate, is one of the most famous tourist destinations of the south of Argentina. Is the entrance door to some of the most stunning and spectacular natural beauties of the whole country, such as Perito Moreno Glacier, Upsala Glacier, Spegazzini Glacier, O`Nelly Glacier and the Argentinean Lake.

Located in the middle of the immense Patagonia, this lovely city welcomes every year thousands of visitors who come to fall in love with its beauties and enjoy its many varieties of excursions.

Trekking, hiking, horse back riding, kayaking and walks over ice, El Calafate gives you the chance to experience unforgettable activities which will leave you breathless and eager to find out what else is there to be discovered!
