DAY 4

ASINARA ISLAND

It is possible on Alma Italia's Sardinia tours to also explore the smaller paradise islands surrounding the coastline of Sardinia. Today a private boat will take you to Asinara Island, just off the bay of Stintino. You will explore the island by Jeep, soaking up the natural beauty and learning about its fascinating history. Asinara island used to be a prison back in the past, however if it were us, we'd confess to any crime if it meant being taken here since this place is heaven on earth, and you will see why!

The day will finish with dinner at a local restaurant watching the sunset over the glistening Mediterranean.

On the way we will stop at the spectacular rocky coast, Costa Paradiso, another of our favorite Italy beach holidays spots. We will spend a good portion of the day here relaxing on the smooth rocks, swimming in the impossibly clear ocean water, taking the pictures of a lifetime.

In the evening as the day cools, take some time before dinner to stroll around this charming coastal town before a gourmet evening at a typical Sardinian restaurant sampling local delicacies paired with plenty of local wine. It would be rude not to try it after all!
