

## **Dolphin spotting**

At the end of the day, you can get a breath of fresh air on the river during this relaxing boat trip. We look for playing dolphins, eat local snacks and enjoy the breathtaking sunset. We depart from Leonsberg, where we sail with a traditional boat towards the confluence of the Suriname River. The dolphins swim more often in groups and (swimming, diving) around the boat. Sometimes they come curiously close and if you see their eyes staring at you above the surface of the water, chances are that they want to come and play.

After a tour of approximately 3 hours, we return to Leonsberg.

### Included

- An experienced English speaking tour guide
- Transfer by boat from Leonsberg v.v.
- Snacks
- Drinks

### Highlights

- Spotting dolphins in the Suriname River
